FREE PROOF INFORMATION

In order for CREDIT CARD CONCEPTS to supply you with a complimentary proof, please read and fill in all information below and on the reverse side.

1

In the space provided below, enter the information you will want on your card, in roughly the correct position. For a large amount of copy, please type on a separate sheet.

THE BLOCKS BELOW MUST BE FILLED OUT IN ORDER TO PRODUCE YOUR CARD

The dotted area on "Front of Card" indicates the area in which embossing is normally done. If you plan to have your cards embossed, allow space somewhere within this area. If there will be no embossing on your card, disregard the dotted area while planning your card.

2

Enclose copies (any size) of your business name and logo or camera-ready artwork. Black and white slicks are best for reproduction, but if not available, we can use the following:

Letterhead

Envelopes

Menus, brochures, etc.

The more you send, the easier it is for us to pick the best artwork for your card. Also, the better artwork you send, the better your card will turn out.

<u>PLEASE NOTE:</u> Photocopies and metallic colors do not reproduce well. If your logo contains more than one color, we will need separations for each color. <u>Please do not staple, tape, paper clip or fold through your artwork.</u>

Unless otherwise notified in writing at the time of the order, CCC reserves the right to use in their promotional and collateral material, including displays, any item it produces.
